

Ace IMAGEWEAR

Anything else is just uniform

Our Family of Products

Welcome to Ace ImageWear –

We appreciate this opportunity to showcase our catalog of quality products.

Since our company was founded in 1932 by our grandfather, Ace Heilman, we've proudly established close relationships with some of the top manufacturing names in the service areas we represent. Unlike many of our competitors, we chose to focus entirely on the service end of our business versus making our own products in-house. Over the years we've built an extended family of partnerships with vendors and customers alike.

This family approach to doing business has made us one of the top uniform service providers in the Midwest and has expanded our service offerings to include the finest products from the top manufacturers in wearables, mats, restroom materials and dispensers, towels, aprons, micro-fiber mops and more.

So whether your company needs us to service one of these product areas or all of them, we promise to provide value-added solutions to enhance your company's image as though you were family.

Ace said it best more than 75 years ago...

"Always do business on a first-name basis."

-- Ace Heilman, 1932

That's a promise you can count on, as well as this pledge we make to every new customer...that you're never more than one phone call away from a Heilman.

Thank you again, and we look forward to meeting you,

The Heilman Family

-

Our Story

Ed "Ace" Heilman was a man ready to meet any challenge. During the heart of the Depression, Ace fought at area boxing clubs to help make ends meet for his family. When layoffs began to happen where he worked, he answered the bell in 1932 by starting a linen supply business. A true "Cinderella Man," Ace earned the respect of fans and customers alike with his hands-on approach to meeting his customers' needs.

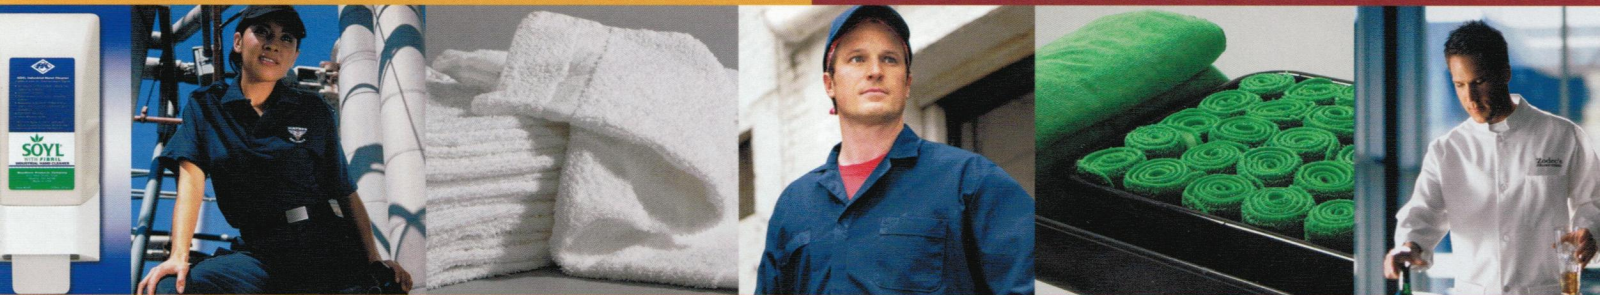

Now, the third generation of the Heilman family continues the Ace tradition. Technology may have changed, but our way of doing business is the same today as it was in Ace's time. Personal. Direct. With an integrity earned through hard work, a firm handshake and a no-nonsense attitude to servicing you right the first time.

Ace ImageWear currently serves over 4,000 commercial customers from north of Kansas City to Houston, Texas. On any given day, we have more than a half million garments in circulation. As a regional and family-owned image wear provider, we provide the selection and systems you expect from a national company with the peace of mind that you're never more than one phone call away from a Heilman.
